Dear Brother.

I am sure you cannot complain of being neglected this Month, this is the third letter I have wrote, the last was dated the 11 inst. & sent by the Post which I question whether you have rece'd it or not. In it I desired you to procure us two lb of Tea if you could for 9/- we have not yet got any neither do we expect there will be any to be had under two dollars & I am sure I am not so set to have it at that price

Why dont you come home? I am sure you cannot doubt our being glad to see you. O you intend to be a Preacher first, indeed I believe it would raise some peoples vanity to be as much enquired after as you are in a parish like this where a Preacher is so much wanted, I am confident it will not raise your vanity or any passion unless it is pity. The Association have directed our Committee to apply to Mr. Williams & two young Candidates Williams & Strong they have not yet agreed which of them to send for.

The letter which you sent for, has indeed march'd two months ago under the command of Capt. Cushman & before this time I suppose it has arrived safe at the place of Destination——

Father desires you to send home a book you have there of Mr Henry's by Bushnell's horse, I am in a great hurry & must conclude

From Your
Affectionate
Sister Polly

May 26

P.S. If you can get Tea at a dollar pr pound, do get us a couple of pounds. Father has sent to Hartford where they have several tons but they will not sell a dust att any price att all, they intend to keep it till they can get it up to three dollars pr pound. I really hope the people will not be such fools as to give such an extravagant price.

May 26. Sunday evening three minutes before singing meeting——

your Brothers & Sisters love to you, & Compliments from a number of your Friends to you——

Pray Sir be so kind as to send me a letter that I lent you when you was at home last Adieu——

P. Robinson
